

DBM Meeting Minutes January 3, 2007

Bob Hix, Bass Pro Shops Promotions Director, began the meeting by discussing the different events happening this year at Bass Pro Shops. I have all the dates & events if anybody would like to see them, but in the interest of keeping it simple, here are a few highlights. Gary Parsons will be holding a walleye clinic/school. A date has not been set for this. There is a \$100.00 charge for the class, but you also get tackle in return valued at \$100.00. The spring fishing classic will be on 3/24/07-4/1/07. Bob will have a brat/hotdog cookout both of these weekends and has asked DBM to participate in one or both weekends. This has been a major source of funding for the Jr. Bassmasters in the past.

After a number of years of outstanding service volunteering as the Youth Director, Chad Phillips has turned the reins over to Joe Lavery. Joe has been very active with this program for the few years he's been in the club. Chad was presented with a gift card from BPS for his dedication and services to the youth.

The DBM awards banquet will be on Feb 3, 2007 @ Micky's Steakhouse on 70th & Broadway.

Don Speas, Vice President, is currently working on a new club flyer. Don has copies if you would like to see it.

New members Jim, Shannon, and Charlie were introduced. Welcome!

Pete Miller has decided that due to time constraints, he will no longer be a member of the club. Good Luck Pete. We all hope to see you again.

Curtis Welch has accepted the position for conservation director for the Denver Bassmasters. Maybe this will keep him busy enough to not win every tournament this year!

Dates & Lakes for the upcoming tournament year was the final topic of the evening. After careful examination of the calendar and taking into account factors such as holidays, and some discussion from the members, the dates for the tournaments to be held were agreed upon. Those dates will be 4/14, 4/28, 5/19, 6/9, 7/21, 8/11, 9/22 and megabucks being a tentative 10/12-14. Due to the lateness of the hour, it was moved and seconded that the lakes themselves would be agreed upon by the board of directors at their next meeting.

Scott Tracy - Secretary
